

URBAN FARMING 2018-2019

The most important rule in my classroom is RESPECT!!!! When you respect yourself and expect the most out of yourself, you affect everyone around you positively. Respect for other students around you is mandatory, as well as respect for me as your teacher.

1. All class notes, projects, handouts and articles must be kept in a binder or folder. Nothing gets thrown away!!!!
2. Daily Requirements: You need to bring your binder/folder and a writing utensil with you to class each day. A highlighter, colored pencils and a pencil sharpener are also recommended.
3. Please do not use red or randomly colored ink for any graded assignment.
4. You will also be required to use a composition book during class. This will be your garden journal and will be left in the classroom.
5. All assignments will be collected at the beginning of each period on the date assigned for full credit. Any work not turned in at that time is considered late. 10% will be taken off for each day late. Absences will be taken into consideration.
6. Absences: If you are absent, you need to see me as soon as possible to turn in work or to schedule any makeup work. Missing class but being in the building on the day of a test, quiz, or even a due date for homework does not excuse you from that day's assignment. Absenteeism is not an excuse for being unprepared.
7. If you know in advance that you will be missing class/ school please let me know in advance so that we can work out assignments.
8. Electronics in the classroom are by permission only. Continued misuse of personal devices will result in disciplinary action based on school policy.
9. Lateness is unacceptable. Habitual lateness will be handled by a phone call home. If the behavior continues, disciplinary action will be taken.
10. Academic dishonesty is absolutely unacceptable!!!! It is assumed and expected that you will follow the academic integrity policy provided by the school district.
11. We go outside as frequently as possible. I will try to let you know ahead of time so you can dress appropriately. It is assumed that behavior outside will be the same as behavior inside the classroom.
12. The greenhouse will be maintained by the students. A schedule for watering and other activities will be discussed at a later date.
13. At all times this classroom is treated as laboratory setting which includes in the classroom, in the greenhouse and outside. All safety measures must be taken at all times!!! These include

but are not limited to; fooling around, eating or drinking, treatment of living organisms, respect for classmates, etc.

14. The gardens on campus have been built and maintained by the students. The garden is considered an outdoor classroom and all rules must be followed. This includes the treatment of the chickens and the bees. No mistreatment of the animals will be acceptable!!

15. Parents/ Guardians can reach me by email (preferred) or by calling the school and leaving a message. I will return emails and phone calls as soon as my schedule allows.

Phone: (609) 404-2073 x5207

Email: kflukey@gehrhsd.net

www.absegami.net

16. Grade percentages will be broken down as follows:

Participation: 40%

Assessments: 20%

Projects: 30%

Journals/Data Collection: 10%

17. We will be also be cooking in the classroom this year. Since we have such a wide variety of food being grown and raised on our campus, we are going to be learning basic cooking techniques. This will be considered a lab situation, so all lab rules that are normally followed in the science classroom must be adhered to.
